

TREE Celebrates 40 Years! July

On February 8, 1983, the Tampa Bay Reforestation and Environmental Effort, Inc. ("TREE", then known as the Tampa Reforestation and Environmental Effort, Inc.) was incorporated under Florida law. In order to recognize this major milestone, each month through 2023 we will recognize and share with you the organization's accomplishments. This edition will look at the projects that were held during the month of July over the years.

July 1, 2012: TREE assisted St. Petersburg resident Ray Wunderlich III in the installation of a community garden at Boyd Hill Nature Preserve in St. Petersburg.

July 14, 2012: TREE's 400th planting project occurred with the installation of a Silver Maple tree at the University of Florida's Teaching Garden at the Plant City campus of Hillsborough Community College.
